

BactiQuant

Exclusive OTC offer: 50 Free samples!

Monitor bacteria that cause corrosion with BactiQuant technology that delivers quick and accurate in-field evaluations of bacterial presence and activity, allowing for a rapid survey of bacterial contamination.

Experience the power of BactiQuant firsthand with our exclusive offer. Purchase 1x Mobile Lab and a minimum of 100 samples, and receive 50 additional samples free! It's the perfect opportunity to test our cutting-edge technology and witness its impact on your water quality analysis.

Join Brown Corrosion and BactiQuant at booth # 1139 to get the exclusive exhibition offer: 50 free samples
